

WATERWOOD

An AUDITED dual coin ecosystem where
WATER is used to generate WOOD as
dividends

Make Money every 3 seconds

Every 3 seconds, you generate 0.00000001 WOOD for each 1 WATER locked-in.

Bonuses up to 500x

A 10x Time Bonus and up to 50x Burn Bonus that cumulate to 500x.

540% APY, NO INFLATION

The first Cryptocurrency to produce NEGATIVE INFLATION while generating APY higher than 500%. With No Central Authority involved.

NEGATIVE INFLATION, CONTROLLED BY THE PEOPLE

WATER and WOOD aren't subjected to inflation and are controlled by the people WOOD's inflation is determined by offer and demand. Regulation by the market offers invaluable, never seen before advantages:

SAFEST APY, CONTROLLED BY MARKET FORCES

APY is Automatically Optimized for Risk vs Reward. The Market takes care of everything WaterWood, is first-in-kind to experiment with a dual coin that combines market wisdom, and swift mathematical formulas, only made possible by smart contracts. As price and burn ratio are driven by offer and demand, WOOD APY systematically stabilizes at an optimal risk/reward ratio. This is a unique innovation, made only possible through decentralized blockchain technology.

SECURE BY DESIGN & PROFESSIONALLY AUDITED

All business logic is executed via Audited Smart Contracts so your funds are safe and secure. No 3rd parties are involved in fund movement and transactions are performed on-chain.

SELF-PROGRAMMED FOR GROWTH

A Financial Mechanism that perpetuates stability and growth over time Upward cycle As people lock-in WATER. WATER increases in rarity. Price goes up As people burn WOOD. WOOD increases in rarity. Price goes up Downward cycle As WATER rises in price, people unlock WATER and sell As WOOD rises in price, people cash-in WOOD in the market Steady long-term growth As liquidity comes in, short-term ups and downs self regulate WaterWood APY that reaches a competitive rate among all yields in the market, keeping the price of WATER and WOOD increasing as more people join in. In the long term, this cycle is healthy, like the ecological cycle of WATER and WOOD in nature.
